IPPv2
Longmont Face-to-Face Minutes
June 25, 2008

Craig Whittle – IPPv2 Secretary

Attendees

Bill Wagner	Konica-Minolta	Sha Bhatti	Samsung
Ira McDonald	High North	Glen Petrie	Epson
Rick Landau	Dell	Nancy Chen	Okidata
Pete Zehler	Xerox	Peter Cybuck	Sharp
Harry Lewis	IBM	Mike Fenelon	Microsoft
Lee Farrell	Canon	Dave Whitehead	Lexmark
Ron Bergman	Ricoh	Joe Murdock	Sharp
Jerry Thasher	Lexmark	Craig Whittle	Sharp
MPI Tech	Ole Skov	Ron Nevo	Sharp
Ron Bergman	Ricoh		

General Discussion

❖ Ron Bergman went over the criteria for the spreadsheet listing the operations breakdown for IPPv2.x. (see ftp://anonymous:user%40host.com@ftp.pwg.org/pub/pwg/ipp/ippv2-docs/IPPv2-meeting-20080625.doc)

  o IPPv2.0 all operations in the table are optional
  o IPPv2.1: include job xxx operations
  o IPPv2.1: cancel current job – all jobs in the processing state – TBD
  o IPPv2.1: Xxx current operations need to be optional
  o IPPv2.1: Restart-Job is also optional
  o See edits in Ron B. document (to be posted)
  o Add create-job-subscription 2.1, 2.2 as optional

❖ Reviewed draft specification (see ftp://anonymous:user%40host.com@ftp.pwg.org/pub/pwg/ipp/ippv2-wd/wd-ippv2-spec10-2008-06-20.doc)

  o Need to update template
  o Ira will write a draft rationale for the specification.
  o Each table should show all the operations for that level

- o Need to consider updating underlying security protocols (consider using TLS 2.2)
- ❖ Reviewed Ira's changes to the charter reviewed (see ftp://anonymous:user%40host.com@ftp.pwg.org/pub/pwg/ipp/ippv2-docs/wd-ippv2-statement-of-work-20080625.doc)
  - o Interoperability test for 2.1 (in addition to 2.0) followed by 2.2.
  - o Need to explore who would be interested in an interoperability tests. Need to determine interest from Apple.

Next Steps / Open Actions:

- • Next teleconference on the July 7th
