

# 1394 PWG - OUI Update

Gregory LeClair

Chair, 1394 Printer Working Group

September 21 - Denver, CO

# 1394 PWG - OUI History

Sept. 21 - Denver, CO

- Decision in Copenhagen to define OUI space.
  - Sub-IDs will not be subdivided or reused for more than one purpose.
  - Participants are assigned a contiguous block of numbers within the reserved space.
    - Participants can disclose usage of the Sub-Ids assigned to them.
    - The 1394 PWG does not require disclosure.

# 1394 PWG - OUI Usage

Sept. 21 - Denver, CO

- 1394 PWG will request a set of numbers for use within the profile document.
  - Numbers used will be assigned from the contiguous block of public numbers.
- Participants can request public disclosure of one or more Sub-IDs from their private space.
  - Numbers so listed require some form of specification be made available.

# 1394 PWG - OUI Usage

Sept. 21 - Denver, CO

- Usage list of assigned numbers will be published on the web site.
  - Assigned public numbers will identify related specification.
  - Unused public numbers are considered reserved.
  - Private numbers are considered assigned.
