

Semantic Model WG Minutes

14 Oct 2013, 11:00 - 12:00 PT (== 2:00 - 3:00 ET).

Attendees

Paul Tykodi (TCS)

William Wagner (TIC)

Daniel Manchala (Xerox)

We reviewed slides for the F2F meeting.

Action Items:

\* Paul to post an updated version of the charter - complete it during the week of 14 Oct.

\* Paul to post the updated version of the mapping document on the ftp site.

\* Paul to send a mail note to CIP4 rep. (EFI) & Microsoft rep. (Justin Hutchings) informing them about our discussion on the mapping document in this time slot.

Reviewers please look out for the following changes in the charter:

\* Transform Service dates are pushed out into the future by 6 months (Q3 2014)

\* AFP Consortium will provide resources to help us with the mapping between AFP to PWG PJT (Q1 & Q2 2014). This will help us to get to the prototype stage viz., interested parties could work on a prototype using this document.

\* Resource Service will be added as a separate item.

\* PWG Imaging Job Ticket (PJT extended to Multi-function Devices) will be added as a separate item.
