

PWG WIMS CIM Alignment

Conference Call Minutes

December 6, 2007

Meeting was called to order at approximately 12 p.m. EDT December 6, 2007 by Bill Wagner.

Attendees

Ira McDonald	High North
Rick Landau	Dell
Dave Whitehead	Lexmark
Bill Wagner	TIC
Pete Zehler	Xerox
Craig Whittle	Sharp

General Discussion

- Minutes from the November 29th teleconference (see ftp://ftp.pwg.org/pub/pwg/wims/minutes/cim_071129.pdf) were approved.
- There will be no CIM Core meetings after this Friday for three weeks. No submissions from the WIMS-CIM WG are expected. The new target delivery for the CIM Printer changes is January.
- Ira will create a text file list the changes to the Print CR and deliver this to Rick for review and creation of the CR.
- Bill went over the slides to be presented at the face-to-face meeting in Austin (see ftp://ftp.pwg.org/pub/pwg/wims/white/WIMS_WG_Plenary_Dec_07.ppt for the plenary summary and ftp://ftp.pwg.org/pub/pwg/wims/white/WIMS_WG_Meeting_Dec_07.ppt for the WG meeting.
 - Minor edits changes provided (e.g., Page numbers are repeated)
 - CIM update changes to be completed in February and DMTF MOF v2.18 (not December as stated in the slides) with minor fixes in MOF v2.19

- Ira has minor changes to the Imaging and State Counter spec/MIB with “Last Call” expected in FEB-MAR.
- DMTF Technical Committee approval for counters is expected in June 2009.
- September date for Print Service needs to be changed. Additional discussion needed before a new date is set.
- Approval of a MOF takes 3 or 4 months after TC review is started.
- Dell is interested in including some of the counters (MIB) in a printer. Some of the fleet management tools need to know media size and impressions [simplex or duplex] (combined) to account for drum wear. If necessary the counter specification and MIB can be revised.
 - Xerox is OK with click counts and subunit counters for media used.
 - If the issue needs to be fixed, adding a new table makes more sense than extending the existing table.
- Progress of CRs reviewed (see wiki page <http://pwg-wiki.wikispaces.com/DMTF+CIM+Core+Schema+Change+Requests>).

Next Steps / Open Actions:

- Next meeting is the face-to-face in Austin December 10 2007.
